EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Collard on May 22, 2008.

The application has been amended as follows: In the specification, section headings have been added. On line 2 of page 1, the section heading --Background Information-- has been added. On line 20 of page 4, the section heading --Summary of Invention-- has been added. On line 2 of page 12, the section heading --Brief Description of the Drawings-- has been added. On line 3 of page 14, the section heading --Detailed Description-- has been added. The following references to numbered claims of the invention have been removed from the Background Information, on line 2 of page 1, the recitation --according to the preamble-- has been removed. On line 18 of page 5, the recitation --having the features of claim 1-- has been removed.

Allowable Subject Matter

Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art of record for claim 1 are Faber (US Patent 6,45,813B1) and Faber (6,067,905). Faber '813 teaches many of the limitations of claim 1, including a self-inking hand stamp comprising housing with a securing element comprising a snap-in element and an actuator yoke relative to the housing. However, Faber '813 does not teach that a stamp plate provided in a stamp

Art Unit: 2854

character part of the self-inking stamp comprises a bearing member which has several snap-in positions in an axial direction. No prior art of record or obvious combination thereof has been found to teach said bearing member with several snap-in positions, although a single snap-in position is taught by Faber '813.

Claims 2-17 are allowable as being dependent on claim 1 or its subsequent dependent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID BANH whose telephone number is (571)270-3851. The examiner can normally be reached on M-Th 9:30AM-8PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Taghi Arani can be reached on 571-272-3787. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
